*****Space available!! We have small groups of students who have been attending class on Wednesday or Sunday afternoons, so we will continue to add students on those days as space allows. Students will work until they complete both class projects.**

Stained Glass - Beginning Copper Foil – Independent Study

Learn Stained Glass in a month! This is the Tiffany style of creating stained glass. Students will complete two projects: a sampler piece, and a small panel with approximately 15-20 pieces. Twenty hours of instruction covers most basic cutting techniques, glass grinding, foiling, soldering and finishing. Tools and materials are provided for sampler piece. Students are responsible for purchase of pattern materials, glass, foil, solder, zinc framing, rings & chain for second piece (approximately \$30-\$60). Class consists of initial session, plus additional hours to be arranged with instructor. You could complete the entire class in three days, if desired (we have students who come from out-of-town who choose this option).
